

Temporary Change to the Affordable Housing Program (AHP) Income Limits for Households Displaced by Recent Hurricanes

On Oct. 9, 2017, the Federal Housing Finance Agency issued a non-objection letter to allow vacant AHP-assisted units to be leased temporarily to individuals/households, regardless of their income, who are displaced as a result of Hurricanes Harvey, Irma or Maria. This pronouncement is applicable to units that member financial institutions may have sponsored with AHP funds. To review the FHFA letter, click [here](#).
